THE BROOKLYN STREET DIRECTORY; OR, GUIDE FOR 1846 & 7.

SHOWING THE COMMENCEMENT, POSITION, AND TERMINATION OF EACH STREET, WITH THE JUNCTIONS AND CROSSINGS OF THE INTERSECTING STREETS, ALSO THE NUMBER OF THE HOUSE AT THE CORNER OF EACH OF THE STREETS.

Where there is no house on the corner, or where the corner house fronts on the crossing street, the number of the house nearest the corner is given. It must be observed that in a considerable portion of the streets, the houses are entirely unnumbered. In those streets the Alphabetical Directory directs you to which of the crossing streets the house you are looking for is nearest situated.

For the information of strangers it may be necessary to add, that the odd numbers are invariably on the left hand from the commencement of each street.

FEATHER BEDS CLEANED.

The subscriber would respectfully inform his friends and the public generally, that he has recently removed from Boston to this city, and has established himself in MYRTLE near CLINTON AVENUE, where upon an entirely new Patent, he will dress and renovate old Feathers, making them equal to new, without danger of their being scorched in drying—the operation being entirely by steam. Feathers dressed by this machine are rendered much cleaner, sweeter, softer and livelier than by any other method. It has been highly approved by all who have favored him with their patronage. He also warrants to kill all moths, worms, etc., etc., and remove all unpleasant odors from the feathers.

There is no danger of disease being communicated from one bed to another, as every kind of contagion is effectually removed by a chemical process.

Price for cleaning, five cents per pound. Mattresses, Cushions, etc., remade on reasonable terms.
